Reliable, durable hardware

Choice of small, medium, or large room size

ThinkSmart Cam and ThinkSmart Bar

Easy on the eyes and ears

Lenovo's ThinkSmart accessories are designed to enhance the sound and picture quality of videoconference calls. Flexible and scalable, the ThinkSmart Cam and ThinkSmart Bar are as efficient and effective in large meeting rooms as they are in a home office. Both are Microsoft Teams Rooms and Zoom Rooms certified. And both can be centrally managed with ThinkSmart Manager.

ThinkSmart Cam

This lightweight 4K High Dynamic Range (HDR)-capable camera supports high-resolution frame rates with a wide field of view.

- Built-in vision processing unit (VPU) and neural network for AI-enabled smart meeting features
- Advanced features include auto-zoom, auto-framing, people counting, speaker tracking, and whiteboard awareness
- Can be standalone or wall/TV mounted

ThinkSmart Bar

ThinkSmart Bar is an enterprise-grade sound bar purpose-built with meeting room-based videoconferencing in mind.

- Lightweight standalone premium sound bar
- Four built-in microphones for an immersive experience
- Solution includes a separate puck with four beamforming microphones to clearly capture all speakers' voices
